

Starr Regional Medical Center is committed to providing high-quality care close to home, further enhancing and expanding our services, and making the right investments to promote and protect the health of our region. We take seriously our responsibility to advance our mission of *making communities healthier*[®] and support our community as a vital economic engine. Our dedicated team is committed to going above and beyond to meet the needs of those we serve – both inside and outside our hospital walls. With support from Lifepoint Health and community partners, like you, we continue to make a positive difference together and create places where people choose to come for healthcare, physicians and providers want to practice and employees want to work. Thank you.

This year, we added providers in cardiology, emergency care, general surgery, nephrology, midwifery, OB/GYN, oncology, pathology, pediatrics, podiatry, urology and more.

Made more than \$6.6 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included upgraded equipment for various departments; renovations to Senior Care, a specialty unit focused on acute care treatment for geriatric mental health patients; and a building expansion for the new cardiac catheterization lab.
